Your reliable, flexible

## **CARPET & UPHOLSTERY CLEANER**

For convenient and efficient cleaning

## FLEXIBLE AND WELL EQUIPPED

Versatile accessories for convenient and efficient cleaning

## REMOVING STAINS QUICKLY AND EASILY

The *SPOTTY* is your reliable everyday helper when it comes to quickly and thoroughly removing stains, pet hair or other dirt. Whether these occur on carpets, rugs, upholstered furniture or vehicle seats, you can achieve excellent cleaning results with the *SPOTTY* thanks to its strong suction power.

Both the wastewater tank with 2 liters and the freshwater tank with 3 liters can be removed individually, guaranteeing quick emptying and filling. Thanks to the modern, transparent design, you can always keep an eye on the fill levels of the two tanks.

The detergent included in the scope of supply, which is added to the freshwater tank, ensures the best cleaning results.

UPHOLSTERY

CARPET

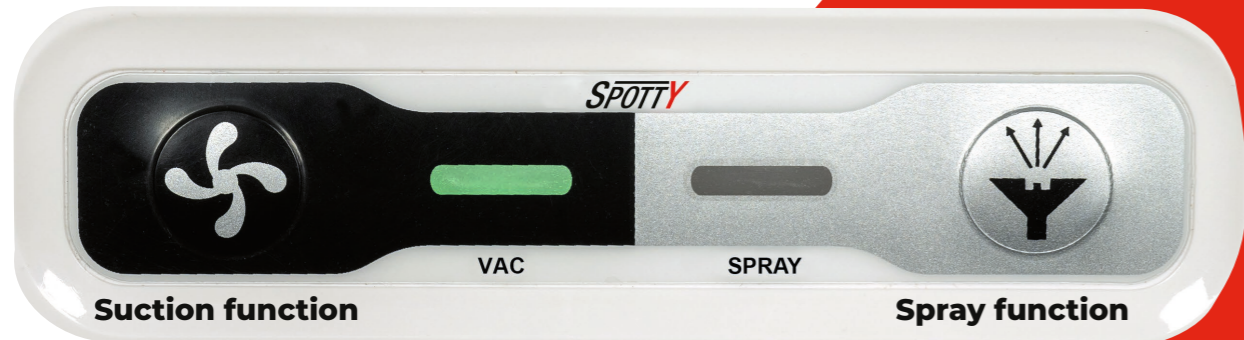

HARD FLOOR/  
WINDOW

PET HAIR

**SPRAY AND SUCTION FUNCTION  
CAN BE SWITCHED ON INDIVIDUALLY  
ON THE APPLIANCE**

**SPRAY**

**SCRUB**

our packaging

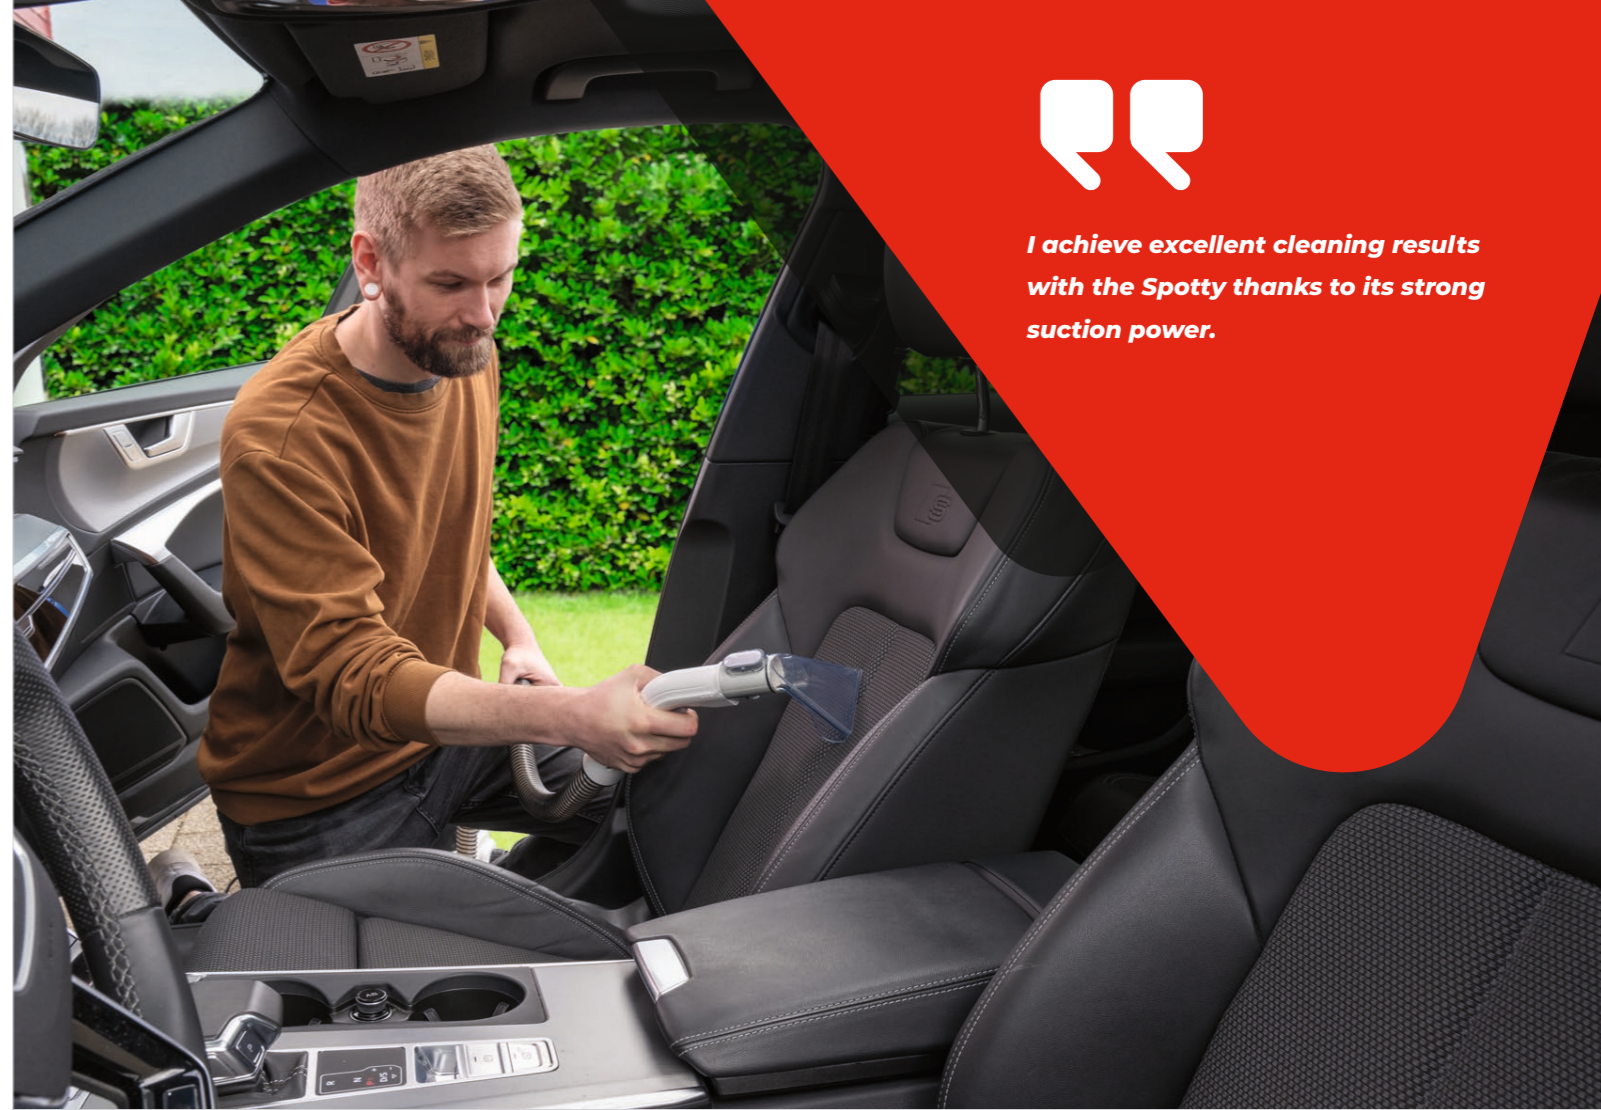

# TECHNICAL DATA

Voltage	220 - 240 V
Max. power	800 W
Sound pressure level	67,4 dB(A)
Container material	Plastic
Freshwater tank volume	max. 2 l (theoretically 3 l)
Wastewater tank volume	max. 1.5 l (without foam max. 2 l)
Length of power cord	5 m
Length of suction hose	2 m (1,95 m)
Diameter of suction hose	32 mm
Diameter of suction tube	32 mm
Machine dimensions (L x W x H)	513 x 288 x 275 mm
Packaging dimensions (L x W x H)	580 x 390 x 410 mm
Protection class	2
Max. suction	170 mbar
Volume flow rate machine	18 l/s
Flow rate	0,6 l/min
Spray pressure	3 bar
Pump power	5 W
Machine weight	4,9 kg

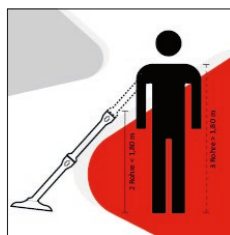

## SCOPE OF SUPPLY

- 01** Pet hair nozzle
- 02** Carpet nozzle
- 03** Upholstery nozzle
- 04** Hard floor nozzle
- 05** Handle
- 06** Detergent
- 07** Cleaning brush
- 08** Three pluggable tubes
- 09** Wastewater tank
- 10** Freshwater tank

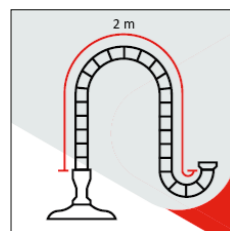

I achieve excellent cleaning results with the Spotty thanks to its strong suction power.

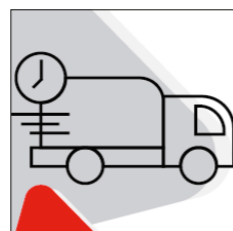

Fatigue-free working even for tall users  
2 tubes < 1.80 m  
3 tubes > 1.80 m

Extensive accessory equipment

Extra long suction hose

High availability of spare parts and accessories
